

SOZOU is a lighting/product design studio based in Melbourne, Australia established in 2019. The studio aim to produce lighting and objects which act as a poetic word in a space without overwhelming its personality. Each objects is hand made and finished in Melbourne workshop to ensure the highest quality, and to enhance the emotion centric studio philosophy.

Sozou means ‘primitive shape’ in Japanese. The studio bases its design on the study of basic, simple and familiar forms/shapes with the desire to formulate a design language that can be interpreted, shared and felt by all.

ALMOST DISAPPEARING

—

The series is crafted from patinated brass, Japanese paper, and Australian blackwood—materials chosen to celebrate raw texture and the cultural diversity of our time. Gentle light that diffuses by the paper also suits with different aesthetic spaces and does not overwhelm. This collection aims to enrich space in a sensitive way through the delivery of lighting that subtly speaks to nature, personal memory and design nostalgia.
